**DEFENDANTS' FIRST AMENDED OBJECTIONS AND RESPONSES TO
PLAINTIFFS AND PLAINTIFF-INTERVENORS' FIFTH SET OF
INTERROGATORIES**

TO: All Plaintiffs and Plaintiff-Intervenors, by and through their attorneys of record.

Pursuant to Rule 36 of the Federal Rules of Civil Procedure, the State of Texas, Rick Perry, John Steen and Steve McCraw, serve these First Amended Objections and Responses to Plaintiffs and Plaintiff-Intervenors' Fifth Set of Interrogatories.

GENERAL OBJECTIONS

Defendants object to each interrogatory: (1) insofar as it seeks information not in Defendants' possession, custody, or control; (2) insofar as it seeks information that was prepared for or in anticipation of litigation, constitutes attorney work product, contains attorney-client communications, or is otherwise privileged; (3) insofar as it seeks information which is publicly available or otherwise equally available and/or uniquely or equally available from third parties; (4) insofar as it seeks information that does not specifically refer to the events which are the subject matter of this

litigation; and (5) insofar as it seeks information not relevant to the subject matter of this litigation nor reasonably calculated to lead to the discovery of admissible evidence.

These responses and objections are made on the basis of information now known to Defendants and are made without waiving any further objections to, or admitting the relevancy or materiality of, any of the information requested. Defendants' investigation, discovery, and preparation for proceedings are continuing and all answers are given without prejudice to Defendants' right to introduce or object to the discovery of any documents, facts, or information discovered after the date hereof. Defendants likewise do not waive the right to object, on any and all grounds, to (1) the evidentiary use of the information contained in these responses and objections; and (2) discovery requests relating to these objections and responses.

Defendants will provide their responses based on terms as they are commonly understood, and consistent with the Federal Rules of Civil Procedure. Defendants object to and will refrain from extending or modifying any words employed in the requests to comport with expanded definitions or instructions.

INTERROGATORIES

1. Describe the work of the Department of Public Safety (DPS) in issuing the photo ID cards and security access cards described in your response to Interrogatory No. 28 from Plaintiffs' First Set of Interrogatories, including citing the statutory, regulatory, or other source of authority for issuing such cards and describing the procedures for

issuing such cards; the information an agency or individual must provide DPS to obtain such cards (including specifying any differences among agencies' cards); the information contained on the cards (including specifying any differences among agencies' cards); which offices issue such cards; how long such cards remain active or valid; and all categories of persons in DPS who play any role in the process and what each does.

RESPONSE: Defendants object this interrogatory pursuant to the General Objections above. Subject to and without waiving the foregoing objections, Defendants generally respond as follows: Pursuant to Texas Government Code section 411.062, the Department of Public Safety ("DPS") has primary responsibility for law enforcement and security services on the Texas Capitol Complex.

DPS issues access cards for state employees to obtain access to state-owned buildings within the Capitol District. The issuance of cards is predicated on the complete submission of a "CP-6" form document by the agency employer, which specifies access levels requested and the appropriate signatures for the approving agency and the agency designator of the requestor.

Specific to the Capitol, DPS will only issue an access card if approved by the State Preservation Board, who control access adjudication to the Capitol building and extension. All issued cards remain active unless DPS is notified of a termination, employee transfer, or similar action that results in the employee no longer requiring access. For contract employees, the cards remain active for the duration of the contract and expire on the last day of the contract.

The access card system is administered by the DPS Region VII Security Office under the Department Regional Commander. The delegated authority resides with the Department's Director of Security and his staff. The cards are issued in the Capitol building, security desk, room E.1.27 and/or the Capitol Regional Office, lobby station. For more relevant information regarding Capitol Access Cards, see 37 T.A.C. §§ 2.1–2.13.

2. For the program of counties issuing and/or processing election identification certificates (EICs), describe each category of cost borne by the counties and each category of cost borne by each state agency involved, and state the amount of money spent since June 25, 2013 for each category, by each payor, noting where a cost initially borne by one governmental body was reimbursed by another.

RESPONSE: Interrogatory withdrawn by Plaintiffs.

3. For the mobile EIC program run by DPS and the Secretary of State's Office, describe each category of cost associated with the program and state the amount of money that was (a) estimated and (b) spent for each category, stating which governmental agency (e.g. DPS, the Secretary of State's Office, the Governor's Office, the Attorney General's Office, or another state agency, entity, or fund) paid each category of cost (initially and ultimately, if there was reimbursement).

RESPONSE: Interrogatory withdrawn by Plaintiffs.

4. For each county authorized to issue or process EICs, state the date such authorization began (and ended, if applicable) and, for each county and for each month, state the number of inquiries regarding EICs, the number of applications for EICs, the number of EICs issued, the number of EICs denied, and the number of EICs pending approval.

RESPONSE: Defendants object this interrogatory pursuant to the General Objections above. Subject to and without waiving the foregoing objections, Defendants generally respond as follows: A listing of the authorization dates for each county authorized to process EIC transactions is provided in TEX0622063 titled “EIC County Service Authorization Dates.xlsm,” which is produced with these Amended Responses and Objections. For information regarding all applications for EICs statewide, see TEX0622062 titled “EIC Executive Dashboard (I4).xlsm.”

5. For each instance after September 1, 2011 in which DPS has exercised discretion to allow an applicant for an original, renewal, or duplicate Texas driver’s license, personal ID card, or election identification certificate to prove U.S. citizenship with a document (or set of documents) not specifically listed in Defendants’ Response to Interrogatory No. 1 of Plaintiffs’ Second Set of Interrogatories, state the date, the office where the application was received, what document or document(s) were accepted as

proof of citizenship, and all persons involved in considering or deciding to accept such documents.

RESPONSE: Defendants object this interrogatory pursuant to the General Objections above. Subject to and without waiving the foregoing objections, Defendants generally respond as follows: DPS is unable to quantify or provide information related to specific instances where discretion was exercised allowing an applicant for an original, renewal, or duplicate DL/ID/EIC to prove U.S. citizenship with a document (or set of documents) not specifically listed in the Defendants' Response to Interrogatory No. 1 of Plaintiffs' Second Set of Interrogatories. DPS's Driver License System does not capture information regarding the specific reason a document was submitted during the DL/ID/EIC issuance process. Documents collected may be used for one or multiple purposes to facilitate the issuance of the DL/ID/EIC including verifying identity, citizenship, residency, social security number, and lawful presence. Even a hand search of the 26 million records in the DLS database would not reveal the requested information.

Texas League of Young Voters Education Fund

Mission and Purpose

The Texas League of Young Voters Education Fund empowers young people statewide to participate in the democratic process – with a focus on non-college youth and youth from low-income communities and communities of color.

The League makes civic engagement relevant by meeting young people where they are, working on issues that affect their lives, and providing them with the tools, training, and support to become viable players in the civic process.

The League has an integrated civic engagement organizing model, which combines best practices from community, campus and cultural organizing with sophisticated voter engagement techniques. During election cycles, we run targeted data-driven, precinct-based voter contact and turnout programs. The rest of the year, we organize our constituents around issues that make sense to young people. And most importantly, we are preparing the next generation of civic leaders.

Our organizing and programming model can be categorized in the following key areas:

- Voter Registration
- Get Out the Vote (GOTV)
- Voter Education and Issue Advocacy
- Election Protection
- Leadership Development

The Texas League of Young Voters Education Fund is a 501(c)(3) nonprofit corporation and is an affiliate of the League of Young Voters Education Fund based in Brooklyn, New York.

Civic Engagement

The Texas League of Young Voters Education Fund focuses on developing young leaders to be civically engaged through the use of cultural organizing and integrated voter engagement techniques.

BUILDING YOUNG LEADERS TO "WIN"

On college campuses and communities with predominately *African Americans* and *Latino* youth, in less than two years, we have grown to be the largest field-based young civic engagement organization in Texas.

Our work has proven to be successful – registered over 7,000 new voters, trained 70 young leaders, educated over 400,000 through traditional and social media, and protected the right to vote of an estimated 1.4 million Texans through our advocacy work on Voter ID.

In Harris County, TX alone, our work led to a 20% increase in turnout among our targeted young African American and Latino low propensity voters and organized volunteers who logged in over 7,500 hours and made over 115,000 contacts to engage low propensity young voters throughout Texas.

SUSTAINING CIVIC ENGAGEMENT IN TEXAS

Having a consistent balance and focus on the "*rising Texas electorate*" while sustaining voter protection and civic engagement for us includes:

- Expanding the pipeline of trained young leaders ready to lead civic engagement campaigns in their respective communities;
- Not only turning out young people to vote, but also through involvement in issues and policies that affect their lives; and
- Educating and engaging young people about securing a fair electoral process.
